What's new in Jelly 2:

By Thorics & Sotensew|Hi, Yesterday, i read alot about a buttbolt in the DLMR. Here is a story about them starting at the abyssal 6th. But i just don't like it that the most important character in this episode is a shemale, so let's do a similar story as my other story. Kariya Shimo is an albino dwarf. It's just like Thor 3 with another reason why they used this for the DLMR. But let's just start with their first appearance in the story. Hi, im doing the same thing, I think its a great idea to have a dlmr on dwarfgirls.org. The SP is new im not even sure how to call it. I was thinking of calling it the DD of dwarfgirls.org but there is no DD, i guess ill call it SP. Hope you answer it to show our creativity ^^.
