Rocco's Island is a click-based, single player, narrative driven game. It is free-to-play with the player's progress saved, but with in-app purchases available. The

---

game is developed for PC and smartphones, and if you have an Android device, you can also play it in your browser! The game's aesthetics are hand drawn, but were created with a specific purpose in mind. An aesthetic aimed at capturing the feel of the German language spoken by the inhabitants of Rocco's Island, it brings to life a surreal, mythical world in vivid colors. The player's character and the denizens themselves are animated and voiced. The characters' mannerisms and behaviors change depending on the emotion displayed at any given moment. Not only that, the gameplay itself contains notes and references to German literature and movie titles, making the world and dialogue alive with the player's

---

own knowledge. The game's story is told through the eyes of our main character as she plays the role of a strong and decisive, yet benevolent, leader. During her journey, she gets the chance to unfold the histories of the island's denizens and learn more about herself in the process. The story can be completed on your own, as there are no set up dates or introductory sequences. The game's central goal is to guide the denizens to safety on the island and escape the world in which they are stranded. In order to reach this goal, you must handle the human element, and walk on the line between kindness and cruelty. The most important decisions you make throughout the game have an effect on every denizen's fate and how they will

---

interact with the player. Depending on their individual personalities, the denizens may be friendly, distant, hostile, confused, demented, or downright evil. Each decision results in a different outcome, and you can choose to go back and correct your mistakes or leave them as they are. Rocco's Island can be played on your smartphone and tablet, and if you have an Android device, you can also play the game in your browser!

**Gameplay Enemies:** The game features a variety of enemies. They are weakened by hit points and are thus vulnerable to your opponent's blows. Some enemies are faster or stronger than others, with some being invulnerable to certain attacks and armed with their own special attacks.

### Cultivating a Meaningful Life in the Midst of Difficulties

The first step in cultivating a meaningful life is to admit that you want a meaningful life. In our lives, we live within an illusion that we want to have a meaningful life. We want a meaningful life because we believe a meaningful life makes our life better. But does it really? The words “a meaningful life” are just words that we have thrown around. There are no words that can

---

truly describe what a meaningful life is. But we think that having a meaningful life means that we are happy, successful, and leading a fulfilling life. But what we have not understood is that the only thing that makes a life

**46 Ultimate MMA 46: Murat Hyden vs. Joe Stephy** is a mixed martial arts event promoted by Main Event and hosted by former World Extreme Cagefighting middleweight champion, Donald "Cowboy" Cerrone. The event was held on October 6, 2017 at the Hard Rock Live in Hollywood, Florida. The main card aired on UFC Fight Pass following the Fight Pass-exclusive preliminary card on Friday, October 6.

**Background Preliminary card WEC middleweight champion, Tony Ferguson** was briefly a member of the UFC when he fought Lyoto Machida at UFC on Fox: Machida vs. Rockhold. Ferguson (28-3) won by knockout, securing his record 17th consecutive win. He was expected to fight Rose Namajunas in his next fight, but was forced out with an injury. Middleweight brawler **Daniel Straus (12-1)** was one of the top prospects at 185 pounds. Prior to UFC 189 where he was attempting to become the first ever fighter to hold UFC titles in three divisions when he fought Brandon Thatch, he was unranked and did not even have a nickname in the rankings. In May, he signed a multi-fight deal with the UFC after his stoppage win over Noah Spence to become the first fighter to finish Spence. Straus is the fighting brother of UFC Women's Bantamweight champion Amanda Nunes and fought under the name of "Pinoe". Super Welterweight **Travis Andrade (7-2)** was once considered an up-

The lone win came in his debut versus future UFC Lightweight opponent, Donald Cerrone. Tede Binamidi (8-1) is an up-and-coming prospect in the World Series of Fighting, currently on a three fight win streak. The Nigerian-born fighter is a friend to former WEC Lightweight champion, Anthony Pettis and fought under the same manager. Kyle Noke (2-3) came into Ultimate MMA 46 with a four-fight winning streak that included a highlight reel knockout win over Chris Wade in his most recent appearance. Since 2013, Noke is 0-2 under the UFC banner, Welterweight Linton Vassell (5-1) is one of two fighters on this card that have competed in the Ultimate Fighter house shows. In**
