A: To fix this problem, I changed the setting on the Retrieve/Transfer documents option. For years I've been a long-time fan of the '80s horror comedy show of the same name. Dressed like a gang member, and with a unique brand of humor, I remember watching the show for years before I even owned a television, and I even remember watching an episode that I lost in a re-broadcast of Halloween Classics over the weekend. However, I never got into the film as much until this week when I went with my daughter to go watch them all again. I was utterly amazed at how much I still enjoy the films, and how much I still enjoy watching these movies. While I can't speak for the quality of all the films, the ones featured here are all worth it. Some are better than others, and some don't have the cinematic value but are still worth watching. The good news is that these films can be found on DVD or on Netflix. Update: As some of you have pointed out, not

every film in the series is Halloween related. I will make the addition to the list where they are original films and update the list based on what I learned. Check out the list: 1. The Horror Show 2. Screaming Mimi 3. Day of the Dead 4. The Funhouse 5. The Fall Guy 6. Night Stalker 7. Party of Five 8. From Beyond 9. The Midnight Meat Train 10. Night Train 11. Happy Jack 12. Don't Be Afraid of the Dark 13. Waxwork III: Lost in Time 14. Twisted 15. It Lives Again 16. Doll Graveyard 17. Frankenstein Reborn 18. House II: The Second Story 19. Space Case 20. Knife 21.
