November 4, 2016 - I'm running Windows 10 on my laptop and installed Autodata 3.40. ... Subsequently, I discovered that the CD is a copy and not ... In my In this case, I created my own copy of the DVD because my ISO version didn't work. The problem is that I can't find Autodata 3.40 anywhere on the web anymore, so I can't install it again. How can I find and install Autodata 3.40 now? Thanks. Best Regards - JR Sincerely, Justin Answer Dear Justin, If you really can't find this DVD from your computer, you should probably download it from the Internet.
