i have recently finished reading the holy bhagavatam book. i really appreciate the lucid descriptions of the veda or the vedas and sastras. the commentary of srila prabhupada on the bhagavad gita, and i have a number of his books. his commentaries are very interesting, concise and points out the essentials of the devotional philosophy of bhagavad gita and are very easy to understand. srila prabhupada is bhakti yoga or bhagavat supersoul of all veda vyasas or encyclopedias of knowledge and he is presenting bhagavatam to his devotees,students, and friends. i hope to meet and discuss with you one day, if the lord makes it possible to get a chance. this life is very short, if i may say so. the gita has the methods to prolong our samsara or birth-death life in this material world. god bless you. iskon is the fraud by which people are trying to copy or imitate the great ones, whom they think and hear of. its being copied by iskon leaders and followers which are doing a copy of the teachings of swami chaitanya mahaprabhu. the real iskon leaders are nothing but slave of kaneda madhava. they live in luxury and spend money on shopping. it is the same with the leaders of sri sri radha-krishna sampradaya. if they have the strength or the faith they ask the people to live without material comforts. if they dont have this faith they will get the luxuries and give something back to the people in the name of donations to the temple or to the gbc. they themselves buy or have a number of flats in us,london,paris etc. or they have several bungalows in uk,india
