

I9505 Efs Repair Z3x [UPDATED]

i got i9505 4.3 and its value is NULL/NULL and i need an EFS file to restore it, ... you need to write whats with the box e.g. nspro ,z3x. I looked at xsproduction and it says it might not be the best option...but Do you have an EFS recovery key? I'm not familiar with EFS, but of course won't work as described because you can't install it on your machine without setting the recovery key. I don't know how much Z3X can help, but you can't just log into your computer, start it up, and the recovery key for EFS will be automatically installed before you can even start.
