familiar face from the series nathan drake is widely considered one of the most popular characters in the game industry. in the first uncharted 2 among thieves 20th anniversary and the uncharted 3: drake's deception version, we're back to the desert again. as a consequence, uncharted drake's deception is the best way to play this game and it comes with a fair dose of uncharted the story and characters. the good thing is that this version of the game is playable on the ps3 at the moment and that is really cool. 2. how do you download the 20th anniversary pack for uncharted 2 among thieves? "among thieves" is 20 years old today! uncharted 2 among thieves, released on december 3, 2009, is the first game in the series to be released on the ps3. it's also the first uncharted game to be released on any platform other than the ps2. overall, it is really a remarkable score. it will remain one of the most memorable scores of the playstation 3 generation. while there is not anything wrong with uncharted 2s score, it is not as good as what edmonson managed to achieve in uncharted 3. of course, some of the best tracks from uncharted 2s soundtrack also feature in uncharted 3. it is very well done, but there is no denying that edmonson is the real star of this score. while he is currently looking to improve his work with the the last of us in 2014, i am not sure if he will be able to truly recapture the magic and charm that made uncharted 2 so special. despite that, he still managed to produce a masterpiece. 8.5/10
