He's usually just as tall and has the same orange hair as he did in the High Form of the moment, but he's different as it seems to be able to bend his body to a greater degree. It's the strongest form of Goki and the strongest form of Zenki. In ancient times, a great battle was waged between a master mage, Enno Ozuno, and an evil demon goddess, Karuma. Unfortunately, Enno didn't have the strength to defeat her alone and was forced to call upon Zenki, a powerful protector demon. With Zenki growing stronger, his more powerful Demon God powers keep appearing more and more often. In this episode, he struggles to contain his Demon God powers and it is reflected in his fight with Soul. Azusa, Souma, and Haru (without Sei) attempt to enter Yuuura, as they have heard from Miki that they can be used as a gateway into the other worlds. Upon entering the world, they suddenly realize that it is different from Earth, but the feelings between humans and Tarento begin to grow. Haru realises that he is connecting with something - possibly an esper. In the midst of all this, Zenki suddenly appears and intervenes.

## Zenki Tagalog Version Full Episode

An ancient demon god, Goki first appears in Volume 10 when Akira has sacrificed himself to enable Zenki to properly fight a foe, which had previously taken Akira hostage so his friends couldn't fight the enemy without risking to hurt Akira. While Akira's friends continue to fight the enemy, Akira has a dying dream where he meets his parents and the ancient demon god Goki. They remind Akira of his mission to protect his friends and Akira revives himself, reaching his Level 3 form as Goki. Ancient Goki's second appearance happens in a flashback which shows him together with Ozunu and Vasara meeting Zenki for the first time after Zenki's loss against Ryuuma-ou-Mikado (the Evil Dragon King of Hell). From this point, Goki, Ozunu and Vasara take over and defeat the dragon, which is then sealed away by Ozunu. Goki / Akira Gotou / Gokimaru Goki Akira / Gokimaru
