This movie is... It's dark, it's gripping. Audio. English - audio description, English [original], Spanish. Subtitles. English, Spanish. All the action takes place over the course of one day, that is, 24 hours. And all the while, the characters have music playing in their heads. It may be different - and funny, and sad, and pathos, and lyrical, and gloomy, and gentle, and funny, and evil, and good, and evil, and funny, and evil. It all depends on what tune the characters hear, what they do, what the music is in the next moment. I could watch and rewatch this movie endlessly, and that's even though I'm not a music fan. 10 out of 10
