The Special Investigation Team, popularly known as SIT, is an investigating agency that is part of the National Investigation Agency that deals with cases of major national importance. The SIT was set up on 15 June 1999 by the United Nations Security Council Resolution 1267 and is active in all states of India except on states of Jammu and Kashmir. The SIT is a new agency in the line of the famous Central Bureau of Investigation and Central Bureau of Narcotics in the sense of being a joint investigation agency. SIT are required to function under the supervision of a judge of the Supreme Court. Dependence on solvent-based systems, chemical inhibitors, and fungicides have led to the increased usage of fungicides worldwide. However, fungicide application may result in the increased occurrence of drought damage in the subsequent growing season, which lowers crop yields. Frequent rainfall events before flowering may result in a pre-pollination syndrome in which flowers are stunted, and apical dominance of the shoots is decreased, resulting in a weak stem that is more susceptible to lodging. In addition, frequent applications of fungicides may .Cart Check out Welcome to Bookworld. In the beginning, the Universe was created by an unknown artist, a God of imagination, who supplied the world with the characters that came to life in the pages of the tales and novels of the imagination. The worlds that were created, however, never seem to be finished. A new story is always beginning, and finding a magical solution to the old story is always just one page ahead. I work exclusively with children, and I love to find adventures. It is my passion to create stories that people of all ages can enjoy, and my goal is to make the world a better place for all the people who live in it
